

"Au Revoir Mr. Moore" will be found in this issue, and we give you a new song each week

American Fork Citizen

VOLUME XI

AMERICAN FORK, UTAH, SATURDAY, JANUARY 10, 1914.

NUMBER 22

Mayor Greenwood Names Appointees

Appointments of Marshal, Superintendent of Water Works and City Attorney Still in the Air—Others Confirmed.

Monday noon was the hour set by law for the old city officials to lay down the reins of government and the new officials to take them up. Before that hour the old council met and cleaned up a few loose ends, passed some bills and adopted an ordinance confirming the paving assessment. The city's financial report was read and will be found in this issue. Mayor Noyes expressed the pleasure of past association with the out going council after which it adjourned sine die.

Mayor Greenwood then called the new council consisting of William Thornton, Sidney Nicholes, E. B. Hawkins, Hans Christensen and J. B. Seeley to order, and each others bonds all of which were supplied by a Guarantee company, were then presented and accepted and a new regime was in the saddle.

Mayor Greenwood presented the following list of appointments which he desired as members of his official family:

City Attorney Geo. P. Parker.
Supervisor of Streets—John F. Stegell.
Sexton—M. H. Fitzgerald.
Building Inspector—R. L. Ashby.
Pound Keeper and Curfew Officer—George Crookston.
Quarantine Physician—Dr. J. F. Noyes.
Chief of Fire Department—Wm. Firmage.
City Marshal—Lott Robinson.
Superintendent of Water Works—Samuel Dean.
Justice of the Peace—Adolph Nielsen.

The Watermasters were not named. The council refused to confirm the appointments for marshal, attorney and superintendent of waterworks. Some of the council members thought that the duties of the superintendent of waterworks should be divided between Arthur Adamson and Watt Storrs and some members preferred J. W. N. Whitecotton for city attorney.

The following is the list of assignments to the various committees:

Cemetery—Sidney Nicholes, Hans Christensen.
Irrigation—Hans Christensen, Eli B. Hawkins, Wm. Thornton.
Electric Lights—Sidney Nicholes, J. B. Seeley, Hans Christensen.
Fire—J. B. Seeley, E. B. Hawkins, Sidney Nicholes.
Water Works—Hans Christensen, Wm. Thornton, E. B. Hawkins.
Auditing—Wm. Thornton, J. B. Seeley.
Streets—Hans Christensen, J. B. Seeley.
Election—E. B. Hawkins, J. B. Seeley, Wm. Thornton.
Judiciary—Wm. Thornton, J. B. Seeley.
Finance—Wm. Thornton, Hans Christensen, J. B. Seeley.
Claims—J. B. Seeley, Wm. Thornton.
Police—J. B. Seeley, E. B. Hawkins, Hans Christensen.
Public Grounds and City Park—Sidney Nicholes, Hans Christensen.
Engrossing—E. B. Hawkins, Sidney Nicholes.
Rules—E. B. Hawkins, Wm. Thornton.

The council met again Friday night. As this issue is coming off the press the council is in session and again making an effort to come to a unity of the faith on the three disputed appointments.

New Subscribers This Week

Our circulation is growing daily. The following have joined the family circle the past week in American Fork and R. F. D:

Geo. Adams, John Sager, R. F. D.
I. J. Thornton, R. F. D., E. R. Kirkman
Arthur Laycock, R. W. Cunningham

But there are too many who read this paper, but are not subscribers, and though, friends, we are pleased to have you as readers, we earnestly ask that you subscribe for Your Home Paper. It costs but \$1.50 per year, and with your support we can give you a better paper.

Get the habit and join the family circle. DO IT NOW—

GOES TO HER REWARD AT SEVENTY-SIX

Mrs. Janet Kelly, wife of William Kelly, died at her home Monday morning of general debility. She was 76 years of age, and was born in Scotland, coming to Utah in the year 1862. For many years she lived at Salt Lake and Mill Creek before moving to American Fork.

Funeral services were held from the Third Ward meeting house Wednesday at 1:30 o'clock, Bishop J. R. Hindley conducting the services. An appropriate solo was beautifully rendered by F. L. Hickman. Other musical numbers were furnished by the choir. The speakers were President S. L. Chipman, Jas. Crystal, Bishop Hindley and two nieces of the deceased, Mrs. Reynolds and Mrs. Miller of Midvale and Mill Creek. Interment in city cemetery.

DISTRICT COURT NOTES

Provo, Jan. 8.—The jury in the case of American Fork City vs. Oliver Sjostedt, in which defendant was charged with intoxication and appealed from conviction in the justice's court of American Fork, brought in a verdict of guilty. Sentence was set for the 12th.

Willard K. Shipley, administrator, vs. George W. Baker et al.; decree of partition of land in controversy.

Suit for divorce has been commenced by Florence G. Hendrickson, of American Fork, against Henry O. Hendrickson.

It is reported that two of the jurymen in the case of American Fork City vs. Oliver Sjostedt that was tried in the district court this week have signed an affidavit to the effect that they did not believe Mr. Sjostedt guilty of drunkenness, but that their fellow jurymen kept them in the jury room so long that they became exhausted and rather than to be kept longer they signed the verdict of guilty.

It is also reported that Mr. Sjostedt has made arrangements for filing suit against the marshal and city for damages because the city will not prosecute the complaint signed by Mr. Sjostedt and charging the marshal with assault and battery, committed a month or two ago.

NEW PICTURE HOUSE OPENS

Monday will witness the opening of the American Fork Opera House to motion pictures. This house has recently been made into one of the best and most modern show houses in the state.

By reason of the comfortable seats, wide aisles, big screen, steam heat and ideal distance between the machine and the screen it is a "thing of beauty and a joy forever" to the lovers of the movies.

A full orchestra has been employed to furnish the music and Len Harrington, our popular postmaster, has been employed as manager.

CIVIC IMPROVEMENT LEAGUE

There will be a meeting of this league held in the city hall, Wednesday evening, January 14, 1914, at 8 o'clock p. m. An interesting and instructive program will be rendered, the prominent part of which will be a lecture by Prof. Geo. M. Marshall, of the University of Utah, on "Westminster Abbey." This famous and historic church is situated near the Thames, adjoining the Houses of Parliament, London. Westminster Abbey is distinguished as the burial place of numerous English Kings—great poets, Longfellow is the only American poet whose memorial has been placed in Westminster Abbey.

The public is cordially invited to attend and enjoy an evening of entertainment and instruction.

Stake Tabernacle Nearing Completion

The Alpine Stake Tabernacle is making rapid progress towards completion and should be ready for dedication in April or earlier. The carpenters are now at work on the speaker's stand and choir seats, which are located in the south end of the building.

The choir will be located in front of the speaker's stand, and next to the main auditorium while the organist and his keyboard will be located directly in front of the choir.

The organ itself will be located to the rear of all and directly under the sounding board which will be so constructed as to throw all the sound from the choir, the organ or the speakers, forward.

The heating plant has been pronounced by the state engineer to be the most ideal in the state. It is now complete and steam is passing through the pipes in all parts of the building. The heating plant is not located in the building proper, but is in a cement room, top, bottom and sides to the south of the building proper. The big boiler has a capacity of generating 750 horsepower of steam and one and one-half pounds of steam has been found to be ample to heat the big building in all its parts. The boiler is covered with asbestos also some of the pipes so that when the tabernacle has the proper heat the temperature in the boiler room need not be any higher. The heat is carried in a large pipe to the far end of the building before it enters the general distributing system. By this means an even temperature in all parts may be obtained with little trouble and the condensation returns to the heating plant satisfactorily. The plant has been under constant firing for the past three weeks of cold weather for the purpose of testing out the plant drying the wood work and making it comfortable for the workmen and less than half time.

Work is progressing in the basement concurrently with the work at the floor above. There will be a half dozen well lighted rooms here for the use of the different organizations on union days. The most interesting of these rooms is the big auditorium about 45X85 feet, and which will also be used for stake functions of a social nature. The floor is constructed of hard maple and is being well polished. A space 35X73 feet has been set on springs and will make one of the finest dancing floors in the state. The adjacent rooms are ideally located for cloak room and social purposes, and in addition there are two toilets magnificently furnished, located in the south end of the building.

The interior decorations are progressing nicely and the harmony is most pleasing. The colors are cream brown, white and gilt, all of which will harmonize with the brass chandeliers, and brass railings round the balcony and the choir seats.

Innumerable maza lamps will be used in the ceiling on the front of the gallery and at other advantageous places all of which will give the building a blaze of glory when used at night.

Mr. A. Bradder, the contractor, finished putting in the fourteen big stone steps to the front of the building this week.

Tattersoll-Garff

Miss Ruby Tattersoll of this city and Mr. Reginald Garff of Lehi, surprised their many friends by quietly slipping away and getting married in the Salt Lake Temple, Wednesday.

The bride is one of our city's most charming and popular young ladies. She has just recently returned from the northern states, where she spent 18 months doing missionary work. She has held a number of responsible positions in the ward and has always been an active worker.

The groom is the youngest son of Mr. and Mrs. Peter N. Garff of Draper. He came to Lehi about four months ago and he, with two other brothers, are in business at that place.

Mr. and Mrs. Garff will be at home to their many friends after February 1st, at Lehi.

STOCKHOLDER'S MEETING

There will be a meeting of the stockholders of the Bank of American Fork, held at their office January 13, 1914, at 2 o'clock p. m., for the purpose of electing a board of seven directors to serve the company for the ensuing year.

W. S. CHIPMAN, Cashier.
